EDUCATION

B. Tech - 7.4 CGPA

2018- Present

Jaypee University of Engineering and Technology Guna

Class 12th - 76.7%

2017
Dewan Public School Hapur

Class 10th - 8.8 CGPA

2015
Dewan Public School Hapur

OBJECTIVE

University CSE on going graduate with web development and UI/UX Designing background and hundreds of course hours in Front End Development. Seeking for an intern in the same domain.

PROJECTS

Student Rating System

This project is developed in an event named Hackmap conducted by CSI. This site helps the student to review and rate their friends based on their own description. This website is developed with the help of HTML, CSS and Javascript.

JUET Portal

Development of a Website which contains all the information of University which contains all the information about students, Faculty and Library. It was a static website which is developed with the help of HTML and CSS. This project was developed in Hackathon.

Burger Builder App

This is a project which I developed when I was going through an online course on udemy. The course was React-The Complete Guide which helped me a lot in development of this project. This project is about an app(Burger Builder Project) where you can make you own burger and order it. You can see you orders on on orders page but when you are already signed in. Otherwise first you have to authenticate it.

SKILLS

- C
- C++
- Python
- DBMS(MySQL, Oracle)
- HTML
- CSS
- React JS
- Data Structures
- PHP
- JavaScript
- Adobe Photoshop
- Adobe After Effects
- Canva
- Apache Localhost Server
- Blender 2.8
- Leadership
